 - [Grasslands Dental](#)

FAMILY DOCTOR

How to get a family doctor:

1. Search online at 'Find a Doctor BC' to see what clinics are accepting new patients in your area, [Find a Doctor BC](#).
2. Once you have looked at the clinic options, contact HealthLink BC by calling **8-1-1** and ask to be placed on the waitlist.
3. Now that you are on the waitlist, you will be notified when the clinic has availability.

URGENT AND PRIMARY CARE

Address: [311 Columbia Street Unit 102](#)

Phone Number: 250-314-2256

Website: [Kamloops Urgent Primary Care](#)

Hours: 10 a.m. to 10 p.m. Monday-Sunday

- This is for individuals that need medical attention within 12-24 hours that is **NOT** considered emergent
 - For any emergency care please call **9-1-1** OR **go to the emergency department**
- This is not a walk-in clinic, you must phone to make an appointment.
 - Keep phoning until you are able to speak with someone, it may take a while
- Care is provided for minor injuries such as cuts, wounds, infections, minor childhood injury/illness, and women's health

EMERGENCY CARE

Address: [Royal Inland Hospital](#)

Open 7 days a week, 24 hours a day

- For any emergency, please visit the RIH Emergency Department
- The **Canadian Triage and Acuity Scale (CTAS)** is used to determine who receives care first
- **Reminder:** This scale is a guide to help you understand how wait times are determined. Those highest on the scale as determined by the hospital will be seen first, while those on a lower scale may wait longer depending on who arrives and how urgent the condition is.

The **Canadian Triage and Acuity Scale (CTAS)** is used to determine who receives care first:

- **Level 1: Resuscitation**
 - Conditions that are threatening to life or limbs
- **Level 2: Emergent**
 - Conditions that have the potential to threaten life, limbs, or function
- **Level 3: Urgent**
 - Conditions that may progress to a more serious problem
- **Level 4: Less Urgent**
 - Conditions that have the potential for deterioration and would benefit from treatment
- **Level 5: Non-Urgent**
 - Sudden onset health problems, that do not require immediate attention
